Subject: New York Times — Gold King Mine Spill

Hi George,
We emailed yesterday -- thanks for your note.

I have been working in Durango on mine spill stories for the past 36 hours and I have had an extremely difficult time receiving any information from any of your colleagues. Multiple emails requesting that I simply be placed on a press list regarding the mine spill have gone unanswered.

Do you have a moment? 301 928 5072.

Julie
